EDUCATION

B.E (CSE) - Sri Eshwar College of Engineering | **CGPA : 7.26** (up to 4th sem)   **2023 - 2027**

HSC - Xavier International College | **75%**   **2021 - 2023**

SEE - Ace Public School | **86%**   **2013 - 2021**

INTERNSHIP

MERN Stack Intern: **Feb 2025**

Built and deployed 3+ full-stack applications using MongoDB, Express, React.js, and Node.js, improving user engagement by 30%. This internship was offered by Rampex Technologies.

Software Development: **Dec 2023**

Gained hands-on experience in software development, enhanced applications using modern technologies to enhance functionality. This role provided practical exposure to front-end and back-end development. This position was offered by Rudrassa Inc..

PROJECTS

Waste Management System: Created a web application for waste management that utilizes data from waste collection trucks to provide real-time location tracking. Application displays optimized routes on a map with directional information to monitor trucks as they collect and dispose of waste.   **Project Link**

Chess Game : Developed a chess game using engineered feature-rich applications, allowing players to compete against each other or AI. The game provides an interactive and engaging experience with smooth gameplay and intuitive controls. It ensures a seamless responsive design and real-time move validation   **Project Link**

Cyber Hygiene Tracker: Developed a cybersecurity web application using engineered feature-rich applications, allowing businesses to monitor compliance, track incidents, and receive real-time alerts for vulnerabilities. The platform provides an interactive and engaging experience with smooth navigation and intuitive controls. It ensures a seamless responsive design and real-time protection.   **Project Link**

TECHNICAL SKILLS

Languages - C | Python | HTML | CSS | C++ | Java

Core Concepts - Data Structures | OOPS | DBMS

Tools - VS code | Replit | Canva | Github | Eclipse

Framework - Node.js | React.js

Query Language - MySQL | MongoDB

CERTIFICATIONS & BADGES

Technology Job Simulation | **Deloitte**   **2025**

AWS Academy Graduate | **AWS Academy**   **2025**

Mastering Data Structure and Algorithms Using C and C++ | **Udemy**   **2024**

Python Programming | **HackerRank**   **2024**

SQL-Standard | **SkillRack**   **2024**

PROGRAMMING ACHIEVEMENTS

- **Leetcode** | Solved 285+ problems | Rating 1565

- **SkillRack |** Solved 400+ Problems
